KNOW ABOUT FLORIA

Floria is a high-quality European porcelain tile with the calm beauty of natural blue stone. Its soft blue tones, delicate white movement, and subtle mineral veining create a fresh Mediterranean look that feels elegant, relaxed, and timeless. Each piece measures 14x26 inches, giving floors and walls a refined format that works beautifully in modern, coastal, and outdoor-inspired designs.

Designed with a matte anti-slip finish, Floria is an excellent choice for both inside and outside applications. It is perfect for pool decks, lanais, porches, patios, terraces, bathrooms, showers, feature walls, kitchens, and high-traffic residential or commercial spaces. Its durable porcelain body makes it easy to maintain while offering the strength and performance needed for everyday use in wet or dry areas.

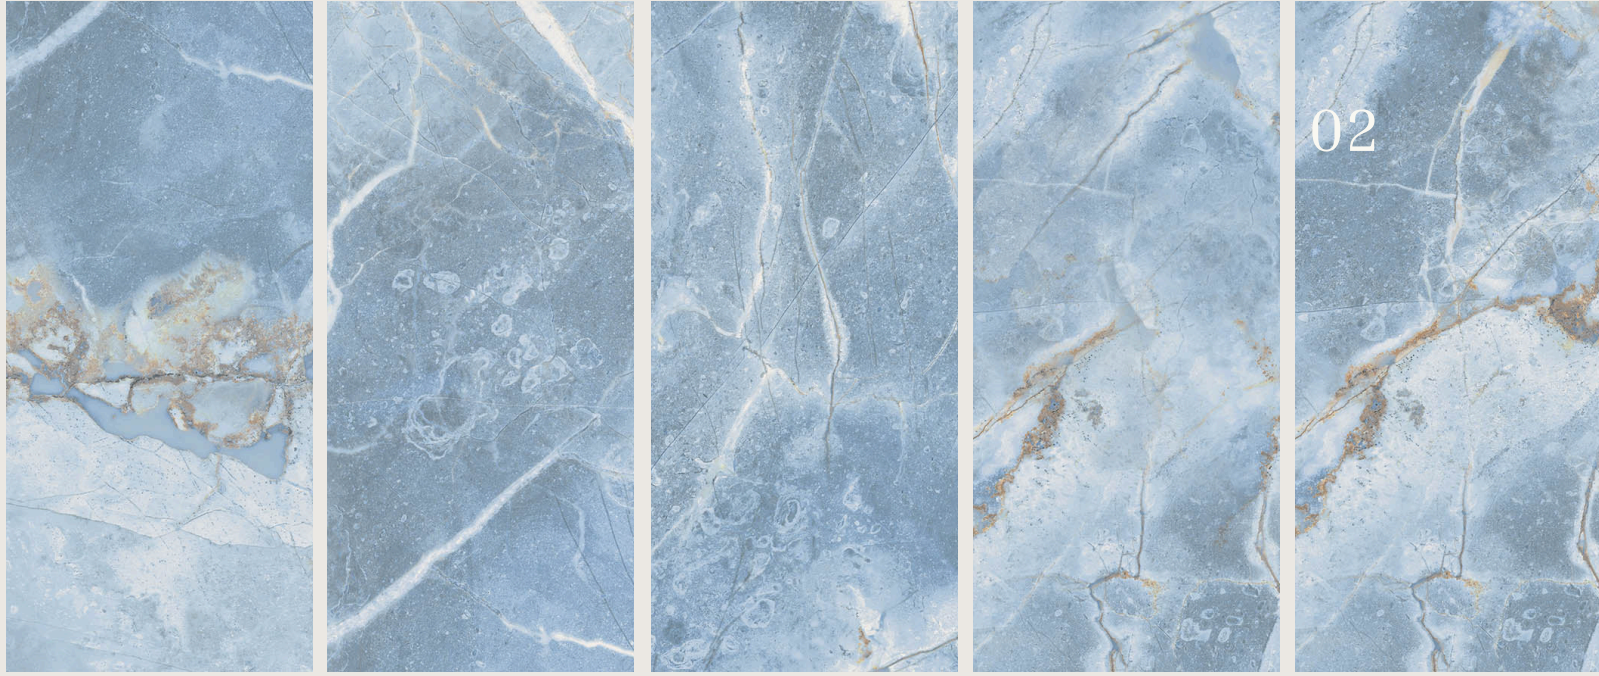

Floria – Mediterranean blue stone beauty for indoor and outdoor living.

Floria stands out for its wide range of random tile face variations, giving every installation a more natural and realistic stone appearance. The variation helps reduce repetition and creates the look of authentic blue stone with depth, movement, and character. With its Mediterranean feel, anti-slip surface, and versatile indoor-outdoor performance, Floria is a stylish porcelain tile made for beautiful floors and walls that last.
