PANDA NATURAL

The Stony Dream Collection recreates the classic look of marble with all the benefits of an affordable porcelain. These tiles beautifully mirror the dramatic veins and color variations found in natural marble, creating a durable result that is almost indistinguishable from the real thing.

With a bold black and white pattern, the Panda White Polished Porcelain tiles perfectly replicate the dramatic and distinct look of Panda White marble. The polished finish provides a reflective glow that can brighten up any space, supporting and expanding its architectural traits. Capitalizing on the low-maintenance quality of porcelain, the Panda Natural tiles are stain-resistant, water repellent, and don't require any special sealing, making them perfect for a durable wall installation.
